

Environmental Policy of FUCHS/Nye Lubricants

1. We are committed to protecting the environment, the health and safety of our employees, our customers, our contractors and our community in relation to all of our activities.
2. We are committed to continual improvement in our processes to manage health, safety, and environmental performance, including pollution prevention and energy conservation.
3. Our environmental policies and objectives will strictly comply with applicable legal requirements, at a minimum, and other compliance obligations, which relate to our environmental aspects.
