

# SAFETY DATA SHEET

Product identifier	NYOGEL 729F		
Other means of identification	NIOGEL 7291		
Product Code	NYOGEL 729F		
Recommended use of the chem	nical and restrictions on use		
Recommended use	Lubricating Grease		
Restrictions on use	None known.		
Details of manufacturer or impo	orter		
Manufacturer			
Company name Address	Nye Lubricants, Inc. 12 Howland Road Fairhaven MA 02719 United States		
Telephone	General Assistance	508-996-6721	
Website	www.nyelubricants.com		
E-mail	sds@nyelubricants.com		
Contact person Emergency phone number	Nye Lubricants EH&S 3E Online	800-451-8346	
Section 2: Hazard identifi			
Classification of the hazardous			
Physical hazards	Not classified.		
Health hazards	Reproductive toxicity	Category 2	
Environmental hazards	Not classified.		
Label elements, including preca Hazard symbol(s)			
	Health

#### Section 4: First-aid measures Description of necessary first aid measures Move to fresh air. Call a physician if symptoms develop or persist. Inhalation Wash off with soap and water. Get medical attention if irritation develops and persists. Skin contact Rinse with water. Get medical attention if irritation develops and persists. Eye contact Ingestion Rinse mouth. Get medical attention if symptoms occur. IF exposed or concerned: Get medical advice/attention. If you feel unwell, seek medical advice Personal protection for first-aid (show the label where possible). Ensure that medical personnel are aware of the material(s) responders involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Symptoms caused by exposure Direct contact with eyes may cause temporary irritation. Provide general supportive measures and treat symptomatically. Keep victim under observation. Medical attention and special Symptoms may be delayed. treatment Section 5: Fire-fighting measures

Extinguishing media	
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.
Special protective equipment and precautions for fire fighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire fighting equipment/instructions	Move containers from fire area if you can do so without risk.
Hazchem code	None.
Hazards from combustion products	None.
General fire hazards	No unusual fire or explosion hazards noted.
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials.

#### Section 6: Accidental release measures

#### Personal precautions, protective equipment and emergency procedures

i ersonai precautions, protective	equipment and emergency procedures
For non-emergency personnel	Wear appropriate protective equipment and clothing during clean-up.
For emergency responders	Keep unnecessary personnel away. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.
Environmental precautions	Avoid discharge into drains, water courses or onto the ground.
Methods and materials for containment and cleaning up	Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

Section 7: Handling and storage	
Precautions for safe handling	Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Pregnant or breastfeeding women must not handle this product. Should be handled in closed systems, if possible. Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.
Conditions for safe storage, including any incompatibilities	Store locked up. Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).
Section 8: Exposure cont	rols/personal protection
Control parameters	Follow standard monitoring procedures.
Occurrenties and even excurre limite	No expective limits poted for ingradiant/a)

•	
Occupational exposure limits	No exposure limits noted for ingredient(s).
Biological limit values	No biological exposure limits noted for the ingredient(s).

Appropriate engineering controls

Eye/face protection

Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

#### Individual protection measures, for example personal protective equipment (PPE)

Chemical respirator with organic vapor cartridge and full facepiece.

Skin protection	
Hand protection	Wear appropriate chemical resistant gloves.
Other	Use of an impervious apron is recommended.
Respiratory protection	Chemical respirator with organic vapor cartridge and full facepiece.

**Thermal hazards** 

Wear appropriate thermal protective clothing, when necessary.

Hygiene measures

Observe any medical surveillance requirements. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

Section 9: Physical and chemical properties	
Appearance	
Physical state	Liquid.
Form	Liquid.
Color	White
Odor	Not available.
Odor threshold	Not available.
рН	Not available.
Melting point/freezing point	Not available.
Initial boiling point and boiling range	Not available.
Flash point	474.8 °F (246.0 °C) ASTM D-92
Evaporation rate	Not available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or exp	losive limits
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	Not available.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Kinematic viscosity	Not available.
Other physical and chemical part	rameters
Density	0.92 g/cm <sup>3</sup>
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.
Shelf life	4 years
Specific gravity	2.25 estimated
Section 10: Stability and r	reactivity
Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.

Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	No hazardous decomposition products are known.

## Section 11: Toxicological information

Information on likely routes of ex	
Inhalation	No adverse effects due to inhalation are expected.
Skin contact	No adverse effects due to skin contact are expected.
Eye contact	Direct contact with eyes may cause temporary irritation.
Ingestion	Expected to be a low ingestion hazard.
Symptoms related to the physical, chemical and toxicological characteristics	Direct contact with eyes may cause temporary irritation.
Information on toxicological effe	ects
Acute toxicity	Not known.
Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.
Serious eye damage/eye irritation	Direct contact with eyes may cause temporary irritation.
Respiratory irritation	Not available.
Respiratory or skin sensitization	I
Respiratory sensitization	Not a respiratory sensitizer.
Skin sensitization	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.
Carcinogenicity	Not available.
ACGIH Carcinogens Not available. IARC Monographs. Overall E Not listed.	Evaluation of Carcinogenicity
Reproductive toxicity	Suspected of damaging fertility or the unborn child.
Specific target organ toxicity - single exposure	Not classified.
Specific target organ toxicity - repeated exposure	Not classified.
Aspiration hazard	Not an aspiration hazard.
Narcotic effects	Due to lack of data the classification is not possible.
Section 12: Ecological info	ormation
Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.
Persistence and degradability	No data is available on the degradability of any ingredients in the mixture.
Bioaccumulative potential	No data available.
Mobility in soil	No data available for this product.
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
Section 13: Disposal cons	siderations
Disposal methods	Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.
Residual waste	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Dispose in accordance with all applicable regulations.

Method of disposal that should None known. not be used

#### Section 14: Transport information

#### ΙΑΤΑ

Not regulated as dangerous goods.

#### IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not established. Annex II of MARPOL 73/78 and the IBC Code

### Section 15: Regulatory information

#### Applicable regulations

#### New Zealand Inventory of Chemicals (NZIoC): Registration status

BENZENAMINE, N-PHENYL-, REACTION PRODUCTS HSNO Approved WITH 2,4,4-TRIMETHYLPENTENE (CAS 68411-46-1)

Section 16: Other information	
Issue date	May-11-2011
Revision date	March-21-2023
Version #	09
Key abbreviations or acronyms used	Not available.
Disclaimer	Nye Lubricants, Inc. cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product, may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge and experience currently available.
Revision information	This document has undergone significant changes and should be reviewed in its entirety.
