SAFETY DATA SHEET

Version #: 26 Issue date: 07-01-2013 Revision date: 09-12-2024 Supersedes date: 08-27-2024

SECTION 1: Identification of the substance/mixture and of the company/undertaking

| 1.1. Product identifier Trade name or designation of the mixture | NYOGEL 760G |
|--|---|
| Synonyms | None. |
| Product code | NYOGEL 760G |
| 1.2. Relevant identified uses of t | the substance or mixture and uses advised against |
| Identified uses | Lubricating grease |
| Uses advised against | None known. |
| 1.3. Details of the supplier of the | e safety data sheet |
| Company name | FUCHS LUBRICANTS GERMANY GmbH |
| Address | Friesenheimer Str. 19 |
| | 68169 Mannheim |
| | Germany |
| Telephone | +49 621 3701-0 |
| E-mail | produktsicherheit-FLG@fuchs.com |
| | |
| Emergency telephone number | +1 760 476 3962 |
| Access Code | 334212 |
| Manufacturer | Nye Lubricants, Inc. A member of the FUCHS Group www.nyelubricants.com |

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

The mixture has been assessed and/or tested for its physical, health and environmental hazards and the following classification applies.

Classification according to Regulation (EC) No 1272/2008 as amended

This mixture does not meet the criteria for classification according to Regulation (EC) 1272/2008 as amended.

2.2. Label elements

Label according to Regulation (EC) No. 1272/2008 as amended

| Hazard pictograms | None. |
|--------------------------------|--|
| Signal word | None. |
| Hazard statements | The mixture does not meet the criteria for classification. |
| Precautionary statements | |
| Prevention | Observe good industrial hygiene practices. |
| Response | Wash hands after handling. |
| Storage | Store away from incompatible materials. |
| Disposal | Dispose of waste and residues in accordance with local authority requirements. |
| Supplemental label information | EUH208 - Contains 1H-Benzotriazole-1-methanamine, N,N-bis(2-ethylhexyl)-ar-methyl May produce an allergic reaction. EUH210 - Safety data sheet available on request. |
| 2.3. Other hazards | This mixture does not contain substances assessed to be vPvB / PBT according to Regulation (EC) No 1907/2006, Annex XIII. The mixture does not contain any substances included in the list established in accordance with REACH Article 59(1) for having endocrine disrupting properties at a concentration equal to or greater than 0.1% by weight. |

SECTION 3: Composition/information on ingredients

3.2. Mixtures

| General information Chemical name | % | | . REACH Registration I | No. Index No. | Notes |
|--|---------------------|---------------------------------------|--------------------------------|-----------------------------------|---------------|
| 1H-Benzotriazole-1-methanar | | 94270-86-7 | - | <u>. 10. index No.</u> | Notes |
| N,N-bis(2-ethylhexyl)-ar-meth | - | 939-700-4 | | | |
| Classi | | 2;H315, Skin Sens. 1 hronic 2;H411 | B;H317, Aquatic Acute 1 | ;H400(M=1), | |
| Other components below repo levels | ortable 90 - 100 | | | | |
| ist of abbreviations and symbo | ols that may be us | ed above | | | |
| ATE: Acute toxicity estimate. M: M-factor | | | | | |
| vPvB: very persistent and very | y bioaccumulative s | substance. | | | |
| PBT: persistent, bioaccumula #: This substance has been a | | | (a) | | |
| All concentrations are in perce | | | | n percent by volume | |
| SECTION 4: First aid mea | sures | | | | |
| General information | | | are of the material(s) invo | olved, and take preca | autions to |
| 4 Description of first sid mass | protect themselve | es. | | | |
| I.1. Description of first aid meas Inhalation | | Call a physician if s | ymptoms develop or pers | ist | |
| Skin contact | | • • | edical attention if irritation | | ts. |
| Eye contact | | - | n if irritation develops and | | |
| Ingestion | | t medical attention if | • | • | |
| I.2. Most important symptoms | Exposure may ca | ause temporary irritat | ion, redness, or discomfo | ort. | |
| and effects, both acute and lelayed | | | | | |
| 4.3. Indication of any mmediate medical attention | Treat symptomat | ically. | | | |
| and special treatment needed | | | | | |
| SECTION 5: Firefighting n | neasures | | | | |
| General fire hazards | No unusual fire o | r explosion hazards | noted. | | |
| 5.1. Extinguishing media | | | | | |
| Suitable extinguishing media | - | | er. Carbon dioxide (CO2). | | |
| Unsuitable extinguishing media | | | er, as this will spread the t | fire. | |
| 5.2. Special hazards arising rom the substance or mixture | During fire, gases | s hazardous to health | ı may be formed. | | |
| 5.3. Advice for firefighters Special protective | Self-contained br | eathing apparatus a | nd full protective clothing | must be worn in case | e of fire |
| equipment for firefighters | | on and approved a | | | |
| Special fire fighting procedures | Use water spray | to cool unopened co | ntainers. | | |
| Specific methods | Use standard fire | fighting procedures a | and consider the hazards | of other involved ma | terials. |
| SECTION 6: Accidental re | lease measure | S | | | |
| 6.1. Personal precautions, prote | ctive equipment a | and emergency proc | edures | | |
| For non-emergency personnel | Wear appropriate | e personal protective | equipment. | | |
| For emergency responders | Keep unnecessa | ry personnel away. F | or personal protection, se | e section 8 of the SI | DS. |
| 3.2. Environmental precautions | - | | urses or onto the ground. | | |
| δ.3. Methods and material for containment and cleaning up | | | out risk. Following produc | | |
| 6.4. Reference to other sections | For personal prot | tection, see section 8 | of the SDS. For waste di | isposal, see section ² | 13 of the SDS |
| SECTION 7: Handling and | storage | | | | |
| 7.1. Precautions for safe | Avoid prolonged | | jood industrial hygiene pra | | |

| 7.2. Conditions for safe | Store in tightly closed container. Store away from incompatible materials (see Section 10 of the |
|---|---|
| storage, including any incompatibilities | SDS). Storage class (TRGS 510): 11 (Combustible solids that cannot be assigned to any of the above |
| | storage classes) |

Observe industrial sector guidance on best practices.

7.3. Specific end use(s)

SECTION 8: Exposure controls/personal protection

| • | |
|---|---|
| 8.1. Control parameters | |
| Occupational exposure limits | No exposure limits noted for ingredient(s). |
| Biological limit values | No biological exposure limits noted for the ingredient(s). |
| Recommended monitoring procedures | Follow standard monitoring procedures. |
| Derived no effect levels (DNELs) | Not available. |
| Predicted no effect concentrations (PNECs) | Not available. |
| 8.2. Exposure controls | |
| Appropriate engineering controls | Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. |
| Individual protection measures, | such as personal protective equipment |
| General information | Personal protection equipment should be chosen according to the CEN standards and in discussion with the supplier of the personal protective equipment. |
| Eye/face protection | Wear safety glasses with side shields (or goggles). |
| Skin protection | |
| - Hand protection | Wear appropriate chemical resistant gloves. |
| - Other | Wear suitable protective clothing. |
| Respiratory protection | In case of insufficient ventilation, wear suitable respiratory equipment. |
| Thermal hazards | Wear appropriate thermal protective clothing, when necessary. |
| | |
| Hygiene measures | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. |

Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. Fume scrubbers, filters or engineering modifications to the process equipment may be necessary to reduce emissions to acceptable levels.

SECTION 9: Physical and chemical properties

Environmental exposure

controls

| 9.1. Information on basic physic | cal and chemical properties | |
|---|-----------------------------|------------|
| Physical state | Solid Semi-solid. | |
| Form | Solid. | |
| Colour | Yellow | |
| Odour | Not available. | |
| Melting point/freezing point | Not available. | |
| Boiling point or initial boiling point and boiling range | Not available. | |
| Flammability | Not available. | |
| Upper/lower flammability or exp | olosive limits | |
| Explosive limit - lower (%) | Not available. | |
| Explosive limit – upper (%) | Not available. | |
| Flash point | Not available. | |
| Auto-ignition temperature | Not available. | |
| Decomposition temperature | Not available. | |
| Material name: NYOGEL 760G | | SDS NORWAY |

| рН | Not available. | | |
|--|--|--|--|
| Kinematic viscosity | Not available. | | |
| Solubility | Not available. | | |
| Solubility (water) Partition coefficient | Not available. | | |
| (n-octanol/water) (log value) | | | |
| Vapour pressure | Not available. | | |
| Density and/or relative density | | | |
| Density | 0,88 | | |
| Vapour density | Not available. | | |
| Particle characteristics | Not available. | | |
| 9.2. Other information | | | |
| 9.2.1. Information with regard to physical hazard classes | No relevant additional information available. | | |
| 9.2.2. Other safety characteristi | ics | | |
| Dropping point | ≥260 °C (≥500 °F) | | |
| Shelf life | 4 years | | |
| SECTION 10: Stability an | d reactivity | | |
| 10.1. Reactivity | The product is stable and non-reactive under normal conditions of use, storage and transport. | | |
| 10.2. Chemical stability | Material is stable under normal conditions. | | |
| 10.3. Possibility of hazardous reactions | No dangerous reaction known under conditions of normal use. | | |
| 10.4. Conditions to avoid | Contact with incompatible materials. | | |
| 10.5. Incompatible materials | Strong oxidising agents. | | |
| 10.6. Hazardous decomposition products | No hazardous decomposition products are known. | | |
| SECTION 11: Toxicologic | cal information | | |
| | | | |
| General information | Occupational exposure to the substance or mixture may cause adverse effects. | | |
| | | | |
| General information Information on likely routes of e Inhalation | | | |
| Information on likely routes of e | exposure May cause allergy or asthma symptoms or breathing difficulties if inhaled. Prolonged inhalation | | |

| Specific target organ toxicity - repeated exposure | Due to partial or complete lack of data the classification is not possible. | |
| Aspiration hazard | Due to partial or complete lack of data the classification is not possible. | |
| Mixture versus substance information | No information available. | |
| 11.2. Information on other hazard | ds | |
| Endocrine disrupting properties | This mixture does not contain any substances having endocrine disrupting properties with respect to human health as assessed in accordance with the criteria set out in Regulations (EC) No 1907/2006, (EU) No 2017/2100 and (EU) 2018/605, at a concentration equal to or greater than 0.1% by weight. | |
| Other information | May cause allergic respiratory and skin reactions. | |
| SECTION 12: Ecological in | nformation | |
| 12.1. Toxicity | Based on available data, the classification criteria are not met for hazardous to the aquatic environment. | |
| 12.2. Persistence and degradability | No data is available on the degradability of any ingredients in the mixture. | |
| 12.3. Bioaccumulative potential | No data available. | |
| Partition coefficient n-octanol/water (log Kow) | Not available. | |

| n-octanol/water (log Kow) | |
|--|--|
| Bioconcentration factor (BCF) | Not available. |
| 12.4. Mobility in soil | No data available. |
| 12.5. Results of PBT and vPvB assessment | This mixture does not contain substances assessed to be vPvB / PBT according to Regulation (EC) No 1907/2006, Annex XIII. |
| 12.6. Endocrine disrupting properties | This mixture does not contain any substances having endocrine disrupting properties with respect to the environment as assessed in accordance with the criteria set out in Regulations (EC) No 1907/2006, (EU) No 2017/2100 and (EU) 2018/605, at a concentration equal to or greater than 0.1% by weight. |
| 12.7. Other adverse effects | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation |

potential, endocrine disruption, global warming potential) are expected from this component.

SECTION 13: Disposal considerations

13.1. Waste treatment methods Dispose of in accordance with local regulations. Empty containers or liners may retain some **Residual waste** product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). Since emptied containers may retain product residue, follow label warnings even after container is Contaminated packaging emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal. EU waste code The Waste code should be assigned in discussion between the user, the producer and the waste disposal company. **Disposal methods/information** Collect and reclaim or dispose in sealed containers at licensed waste disposal site. **Special precautions** Dispose in accordance with all applicable regulations.

SECTION 14: Transport information
