

SAFETY DATA SHEET

1. Identification				
GHS product identifier	NYOGEL 774H			
Other means of identification				
Product Code	NYOGEL 774H			
Recommended use of the chem)		
Recommended use	Lubricating Grease			
Recommended restrictions				
Manufacturer/Importer/Supplie	r/Distributor information			
Manufacturer	N			
Company name Address	Nye Lubricants, Inc. 12 Howland Road Fairhaven, MA 02719 United States	500 000 0704		
Telephone Website	General Assistance www.nyelubricants.com	508-996-6721		
E-mail	sds@nyelubricants.com			
Contact person	Nye Lubricants EH&S			
Emergency phone number	3E Online	800-451-8346		
2. Hazard(s) identificatio	n			
Physical hazards	Not classified.			
Health hazards	Reproductive toxicity		Category 2	
Environmental hazards	Not classified.			
Signal word	Warning			
Hazard statement				
H361	Suspected of damaging fer	tility or the unborn c	hild.	
Precautionary statement Prevention				
P201 P202 P280	Obtain special instructions Do not handle until all safe Wear protective gloves/pro	ty precautions have	been read and understood. protection/face protection.	
Response				
P308 + P313	IF exposed or concerned: (Get medical advice/a	ittention.	
Storage				
P405	Store locked up.			
Disposal				
P501	Dispose of contents/contai	ner in accordance w	th local/regional/national/inter	national regulations.
Other hazards which do not result in classification	None known.			
Supplemental information	None.			
National/local information	Not available			
3. Composition/informat	ion on ingredients			
Mixtures				
Chemical identity	Common name and s	synonyms	CAS number	%
ALKYLATED DIPHENYLAMIN	NE		Trade Secret	< 1
Other components below repo	ortable levels			90 - 100

 off with soap and water. Get medical attention if irritation develops and persists. with water. Get medical attention if symptoms occur. t contact with eyes may cause temporary irritation. de general supportive measures and treat symptomatically. Keep victim under observation. tooms may be delayed. posed or concerned: Get medical advice/attention. If you feel unwell, seek medical advice vite label where possible). Ensure that medical personnel are aware of the material(s) ved, and take precautions to protect themselves. Show this safety data sheet to the doctor in dance. r fog. Foam. Dry chemical powder. Carbon dioxide (CO2). ot use water jet as an extinguisher, as this will spread the fire. g fire, gases hazardous to health may be formed. contained breathing apparatus and full protective clothing must be worn in case of fire. e containers from fire area if you can do so without risk. standard firefighting procedures and consider the hazards of other involved materials. nusual fire or explosion hazards noted. unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear 	
 with water. Get medical attention if irritation develops and persists. mouth. unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear	
unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear	
Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.	
e Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is ble. Absorb in vermiculite, dry sand or earth and place into containers. Following product very, flush area with water.	
I Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to ve residual contamination.	
r return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.	
l discharge into drains, water courses or onto the ground.	
n special instructions before use. Do not handle until all safety precautions have been read inderstood. Pregnant or breastfeeding women must not handle this product. Should be led in closed systems, if possible. Provide adequate ventilation. Wear appropriate personal ctive equipment. Observe good industrial hygiene practices.	
locked up. Store in tightly closed container. Store away from incompatible materials (see on 10 of the SDS).	
protection	
cposure limits noted for ingredient(s).	
ological exposure limits noted for the ingredient(s).	
general ventilation should be used. Ventilation rates should be matched to conditions. If cable, use process enclosures, local exhaust ventilation, or other engineering controls to cain airborne levels below recommended exposure limits. If exposure limits have not been lished, maintain airborne levels to an acceptable level.	
s personal protective equipment	
nical respirator with organic vapor cartridge and full facepiece.	

Other

Thermal hazards

Respiratory protection

Use of an impervious apron is recommended.

Chemical respirator with organic vapor cartridge and full facepiece.

Wear appropriate thermal protective clothing, when necessary.

General hygiene considerations

Observe any medical surveillance requirements. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and chemical properties

Appearance	
Physical state	Liquid.
Form	Liquid.
Color	Not available.
Odor	Not available.
Odor threshold	Not available.
рН	Not available.
Melting point/freezing point	Not available.
Initial boiling point and boiling range	Not available.
Flash point	489.2 °F (254.0 °C) ASTM D-92 LTR_JG090609 04/13/15
Evaporation rate	Not available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or expl	losive limits
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	Not available.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Other information	
Density	0.82 g/cm ³ LTR_JG090609 04/13/15
Explosive properties	Not explosive.
Kinematic viscosity	6842 cSt
Kinematic viscosity temperature	104 °F (40 °C)
Oxidizing properties	Not oxidizing.
Pour point	-11.2 °F (-24 °C)
Shelf life	4 years
Specific gravity	0.85 estimated

10. Stability and reactivity

Chemical stability	Material is stable under normal conditions.	
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.	
Conditions to avoid	Contact with incompatible materials.	
Incompatible materials	Strong oxidizing agents.	

11. Toxicological information

TT. TOXICOlOgical informat		
Information on likely routes of ex	cposure	
Inhalation	No adverse effects due to inhalation are expected.	
Skin contact	No adverse effects due to skin contact are expected.	
Eye contact	Direct contact with eyes may cause temporary irritation.	
Ingestion	Expected to be a low ingestion hazard.	
Symptoms related to the physical, chemical and toxicological characteristics	Direct contact with eyes may cause temporary irritation.	
Information on toxicological effe	cts	
Acute toxicity	Not known.	
Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.	
Serious eye damage/eye irritation	Direct contact with eyes may cause temporary irritation.	
Respiratory or skin sensitization		
Respiratory sensitization	Not a respiratory sensitizer.	
Skin sensitization	This product is not expected to cause skin sensitization.	
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.	
Carcinogenicity		
Philippines OELs: Carcinoge Not listed.	en category	
Reproductive toxicity	Suspected of damaging fertility or the unborn child.	
Specific target organ toxicity - single exposure	Not classified.	
Specific target organ toxicity - repeated exposure	Not classified.	
Aspiration hazard	Not an aspiration hazard.	
Chronic effects	Not available.	
12. Ecological information		
Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.	
Persistence and degradability	No data is available on the degradability of any ingredients in the mixture.	
Bioaccumulative potential		
Mobility in soil	No data available.	
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.	
13. Disposal consideration	IS	
Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.	
Local disposal regulations	Dispose in accordance with all applicable regulations.	
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).	
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or	

14. Transport information

ADR

Not regulated as dangerous goods.

RID

Not regulated as dangerous goods.

ΙΑΤΑ

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not established.

Annex II of MARPOL 73/78 and

the IBC Code

15. Regulatory information

Safety, health and environmental regulations specific for the product in question

CCO Chemical List

Not regulated.

Controlled Precursors & Essential Chemicals (Comprehensive Dangerous Drugs Act of 2002 (Republic Act 9165), as amended thru Dangerous Drugs Board Regulations)

Not listed.

Ozone Depleting Substances (ODS) (Chemical Control Order, DENR Admin. Order No. 2013-25)

Not regulated.

Priority Chemical List (PCL) (DENR Administrative Order No. 98-58)

Not regulated.

International regulations

Stockholm Convention

Not applicable.

Rotterdam Convention

Not applicable.

Montreal Protocol

Not applicable.

Kyoto protocol

Not applicable. Basel Convention

Not applicable.

International Inventories

Country(s) or region	Inventory name	On inventory (yes/no)*
Australia	Australian Inventory of Industrial Chemicals (AICIS)	Yes
Canada	Domestic Substances List (DSL)	Yes
Canada	Non-Domestic Substances List (NDSL)	No
China	Inventory of Existing Chemical Substances in China (IECSC)	Yes
Europe	European Inventory of Existing Commercial Chemical Substances (EINECS)	No
Europe	European List of Notified Chemical Substances (ELINCS)	No
Japan	Inventory of Existing and New Chemical Substances (ENCS)	No
Korea	Existing Chemicals List (ECL)	Yes
New Zealand	New Zealand Inventory	Yes
Philippines	Philippine Inventory of Chemicals and Chemical Substances (PICCS)	No
Taiwan	Taiwan Chemical Substance Inventory (TCSI)	Yes
United States & Puerto Rico	Toxic Substances Control Act (TSCA) Inventory	Yes

*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s) A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).

16. Other information

Issue date	January-13-2020
Revision date	February-01-2023
Version #	03
List of abbreviations	AICIS: Australian Inventory of Industrial Chemicals.

Nye Lubricants, Inc. cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product, may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge and experience currently available. This document has undergone significant changes and should be reviewed in its entirety.
