

## 1. Identification of the substance or mixture and of the supplier

- 1.1 GHS product identifier**      **NYOGEL 774**
- 1.2 Other means of identification**  
**Product Code**      NYOGEL 774
- 1.3 Recommendations and restrictions on the use of substances or mixtures**  
**Recommended use**      Lubricating Grease  
**Recommended restrictions**      Not available.
- 1.4 Supplier's details**  
**Manufacturer**  
**Company name**      Nye Lubricants, Inc.  
**Address**      12 Howland Road  
                          Fairhaven MA 02719  
                          United States  
**Telephone**      General Assistance      +1-508-996-6721  
**Website**      www.nyelubricants.com  
**E-mail**      sds@nyelubricants.com  
**Contact person**      Nye Lubricants EH&S
- 1.5 Emergency phone number**      3E Online      +1-800-451-8346

## 2. Hazards identification

- 2.1 GHS classification of substance or mixture, and national or regional information**  
**Physical hazards**      Not classified.  
**Health hazards**      Not classified.  
**Environmental hazards**      Not classified.
- 2.2 GHS label elements**  
**Hazard symbol(s)**      None.  
**Signal word**      None.  
**Hazard statement(s)**      The mixture does not meet the criteria for classification.  
**Precautionary statement(s)**  
     **Prevention**      Observe good industrial hygiene practices.  
     **Response**      Wash hands after handling.  
     **Storage**      Store away from incompatible materials.  
     **Disposal**      Dispose of waste and residues in accordance with local authority requirements.
- 2.3 Other hazards which do not result in GHS classification**      None known.
- Supplemental information**      None.

## 3. Composition/information on ingredients

### 3.2 Mixture

| Chemical identity  | Common name and synonym | CAS number and other unique identifiers | Concentration or concentration range |
|--|-------------------------|---|--------------------------------------|
| 1-Decene, homopolymer, hydrogenated                          |                         | 68037-01-4                              | 20 - < 30                            |
| 1-DODECENE POLYMER WITH 1-DECENE, HYDROGENATED               |                         | 151006-60-9                             | 20 - < 30                            |
| 1-DODECENE, POLYMER WITH 1-DECENE AND 1-OCTENE, HYDROGENATED |                         | 163149-28-8                             | 20 - < 30*                           |

| Chemical identity                        | Common name and synonym | CAS number and other unique identifiers | Concentration or concentration range |
|--|-------------------------|---|--------------------------------------|
| ALKYLATED<br>DIPHENYLAMINE               |                         | Trade Secret                            | < 1*                                 |
| Other components below reportable levels |                         |   | 30 - < 40                            |

## 4. First-aid measures

### 4.1 Description of first-aid measures

|              |  |
|--------------|--|
| Inhalation   | Move to fresh air. Call a physician if symptoms develop or persist.                      |
| Skin contact | Wash off with soap and water. Get medical attention if irritation develops and persists. |
| Eye contact  | Rinse with water. Get medical attention if irritation develops and persists.             |
| Ingestion    | Rinse mouth. Get medical attention if symptoms occur.                                    |

### 4.2 Most important symptoms/effects, acute and delayed

Direct contact with eyes may cause temporary irritation.

### 4.3 Indication of immediate medical considerations and important specific treatment that should be performed

Treat symptomatically.

### General advice

Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

## 5. Fire-fighting measures

### 5.1 Prohibited extinguishing media and suitable extinguishing media

|                                |  |
|--------------------------------|--|
| Suitable extinguishing media   | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).            |
| Unsuitable extinguishing media | Do not use water jet as an extinguisher, as this will spread the fire. |

### 5.2 Specific hazards arising from chemicals

During fire, gases hazardous to health may be formed.

### 5.3 Special protective equipment and precautions for fire-fighters

Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

### Fire fighting equipment/instructions

Use water spray to cool unopened containers.

### General fire hazards

No unusual fire or explosion hazards noted.

### Specific methods

Use standard firefighting procedures and consider the hazards of other involved materials.

## 6. Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.

### 6.2 Environmental precautions

Avoid discharge into drains, water courses or onto the ground.

### 6.3 Methods and materials for containment and cleaning up

Stop the flow of material, if this is without risk. Following product recovery, flush area with water. For waste disposal, see section 13 of the SDS.

## 7. Handling and storage

### 7.1 Precautions for safe handling, use and storage

Observe good industrial hygiene practices.

### 7.2 Conditions for safe storage, including any incompatibilities

Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

## 8. Exposure controls/personal protection

### 8.1 Control parameters

#### Occupational exposure limits

No exposure limits noted for ingredient(s).

#### Biological limit values

No biological exposure limits noted for the ingredient(s).

### 8.2 Appropriate engineering controls

Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

### 8.3 Personal protective measures

|                               |   |
|-------------------------------|---|
| <b>Eye/face protection</b>    | Wear safety glasses with side shields (or goggles).                       |
| <b>Skin protection</b>        |   |
| <b>Hand protection</b>        | Wear appropriate chemical resistant gloves.                               |
| <b>Other</b>                  | Wear suitable protective clothing.  |
| <b>Respiratory protection</b> | In case of insufficient ventilation, wear suitable respiratory equipment. |
| <b>Thermal hazards</b>        | Wear appropriate thermal protective clothing, when necessary.             |

#### General hygiene considerations

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

## 9. Physical and chemical properties

### 9.1 Appearance

|                       |                   |
|-----------------------|-------------------|
| <b>Physical state</b> | Solid.            |
| <b>Form</b>           | Solid.            |
| <b>Color</b>          | Tan. Light brown. |

**9.2 Odor** Not available.

**9.3 Odor threshold limit** Not available.

**9.4 pH** Not available.

**9.5 Melting point/freezing point** Not available.

**9.6 Initial boiling point and boiling range** Not available.

**9.7 Flash point** Not available.

**9.8 Evaporation rate** Not available.

**9.9 Flammability (solid, gas)** Not available.

### 9.10 Upper/lower flammability or explosive limits

**Explosive limit - lower (%)** Not available.

**Explosive limit - upper (%)** Not available.

**9.11 Vapor pressure** Not available.

**9.12 Vapor density** Not available.

**9.13 Relative density** Not available.

### 9.14 Solubility(ies)

**Solubility (water)** Not available.

**9.15 Partition coefficient: n-octanol/water** Not available.

**9.16 Auto-ignition temperature** Not available.

**9.17 Decomposition temperature** Not available.

**9.18 Viscosity** Not available.

### Other information

**Density** 0.86 g/cm<sup>3</sup>

**Explosive properties** Not explosive.

**Oxidizing properties** Not oxidizing.

**Shelf life** 4 years

## 10. Stability and reactivity

**10.1 Reactivity** The product is stable and non-reactive under normal conditions of use, storage and transport.

**10.2 Chemical stability** Material is stable under normal conditions.

**10.3 Possibility of hazardous reactions** No dangerous reaction known under conditions of normal use.

**10.4 Conditions to avoid** Contact with incompatible materials.

**10.5 Incompatible materials** Strong oxidizing agents.

**10.6 Hazardous decomposition products** No hazardous decomposition products are known.

## 11. Toxicological information

### 11.1 Information on likely routes of exposure

|              |  |
|--------------|--|
| Inhalation   | No adverse effects due to inhalation are expected.       |
| Skin contact | No adverse effects due to skin contact are expected.     |
| Eye contact  | Direct contact with eyes may cause temporary irritation. |
| Ingestion    | Expected to be a low ingestion hazard.                   |

**11.2 Symptoms related to physical, chemical and toxicological characteristics** Direct contact with eyes may cause temporary irritation.

**11.3 Delayed and immediate effects, including chronic effects from short- and long-term exposure** Not available.

### 11.4 Numerical values of toxicity

|  |  |
|--|--|
| Acute toxicity                                     | Not known.   |
| Skin corrosion/irritation                          | Prolonged skin contact may cause temporary irritation.   |
| Serious eye damage/eye irritation                  | Direct contact with eyes may cause temporary irritation.   |
| Respiratory or skin sensitization                  |  |
| Respiratory sensitization                          | Not a respiratory sensitizer.  |
| Skin sensitization                                 | This product is not expected to cause skin sensitization.  |
| Germ cell mutagenicity                             | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |
| Carcinogenicity                                    | Not available.   |
| Reproductive toxicity                              | This product is not expected to cause reproductive or developmental effects.                                     |
| Specific target organ toxicity - single exposure   | Not classified.  |
| Specific target organ toxicity - repeated exposure | Not classified.  |
| Aspiration hazard                                  | Not an aspiration hazard.  |

## 12. Ecological information

|   |  |
|---|--|
| <b>12.1 Ecological toxicity</b>           | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. |
| <b>12.2 Persistence and degradability</b> | No data is available on the degradability of any ingredients in the mixture.   |
| <b>12.3 Bioaccumulative potential</b>     |  |
| <b>12.4 Mobility in soil</b>              | No data available.   |
| <b>12.5 Other adverse effects</b>         | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.            |

## 13. Disposal considerations

|  |  |
|--|--|
| <b>Disposal instructions</b>                 | Collect and reclaim or dispose in sealed containers at licensed waste disposal site.   |
| <b>Local disposal regulations</b>            | Dispose in accordance with all applicable regulations.   |
| <b>Waste from residues / unused products</b> | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| <b>Contaminated packaging</b>                | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.       |

## 14. Transport information

### ADR

Not regulated as dangerous goods.

### IATA

Not regulated as dangerous goods.

**IMDG**

Not regulated as dangerous goods.

**14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code** Not applicable.

**15. Regulatory information****Safety, health and environmental regulation/legislation specific for the substance or mixture**

**Hazardous substances in the work place (DLPW Notification Re: List of Hazardous Chemicals, Royal Gazette, Vol. 130 Part 185 Ngor, issued December 20, B.E.2556 (2013))**

Not listed.

**Thailand. Explosive Substances & Precursors (Ministry of Defense Notification Re: Arms Subject to Imports License)**

Not regulated.

**Thailand. Reportable Hazardous Substances (Notification of Ministry of Industry Re: Bases respecting report of quantity of hazardous materials under Department of Industrial Works, B.E. 2547)**

Not regulated.

**International Inventories**

| Country(s) or region        | Inventory name   | On inventory (yes/no)* |
|-----------------------------|--|------------------------|
| Australia                   | Australian Inventory of Industrial Chemicals (AICIS)                   | Yes                    |
| Canada                      | Domestic Substances List (DSL)   | Yes                    |
| Canada                      | Non-Domestic Substances List (NDSL)                                    | No                     |
| China                       | Inventory of Existing Chemical Substances in China (IECSC)             | Yes                    |
| Europe                      | European Inventory of Existing Commercial Chemical Substances (EINECS) | No                     |
| Europe                      | European List of Notified Chemical Substances (ELINCS)                 | No                     |
| Japan                       | Inventory of Existing and New Chemical Substances (ENCS)               | No                     |
| Korea                       | Existing Chemicals List (ECL)  | Yes                    |
| New Zealand                 | New Zealand Inventory  | Yes                    |
| Philippines                 | Philippine Inventory of Chemicals and Chemical Substances (PICCS)      | No                     |
| Taiwan                      | Taiwan Chemical Substance Inventory (TCSI)                             | Yes                    |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory                          | Yes                    |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).

**16. Other information, including date of preparation or last revision**
