2. Hazard(s) identification

Physical hazards	Not classified.
Health hazards	Not classified.
Environmental hazards	Not classified.
OSHA defined hazards	Not classified.
Label elements	
Hazard symbol	None.
Signal word	None.
Hazard statement	The mixture does not meet the criteria for classification.
Precautionary statement	
Prevention	Observe good industrial hygiene practices.
Response	Wash hands after handling.
Storage	Store away from incompatible materials.
Disposal	Dispose of waste and residues in accordance with local authority requirements.
Hazard(s) not otherwise classified (HNOC)	None known.
Supplemental information	None.

3. Composition/information on ingredients

Mixtures

The manufacturer lists no ingredients as hazardous to health according to OSHA 29 CFR 1910.1200.

4. First-aid measures	
Inhalation	Move to fresh air. Call a physician if symptoms develop or persist.
Skin contact	Wash off with soap and water. Get medical attention if irritation develops and persists.
Eye contact	Rinse with water. Get medical attention if irritation develops and persists.
Ingestion	Rinse mouth. Get medical attention if symptoms occur.
Most important symptoms/effects, acute and delayed	Direct contact with eyes may cause temporary irritation.

Treat symptomatically.

Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

	protect memoryes.
5. Fire-fighting measures	
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire fighting equipment/instructions	Move containers from fire area if you can do so without risk.
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials.
General fire hazards	No unusual fire or explosion hazards noted.
6. Accidental release mea	sures
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.
Methods and materials for containment and cleaning up	Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.
	Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.
Environmental precautions	Avoid discharge into drains, water courses or onto the ground.
7. Handling and storage	
Precautions for safe handling	Observe good industrial hygiene practices.
Conditions for safe storage, including any incompatibilities	Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).
8. Exposure controls/pers	onal protection
Occupational exposure limits	This mixture has no ingredients that have PEL, TLV, or other recommended exposure limit.
Biological limit values	No biological exposure limits noted for the ingredient(s).
Appropriate engineering controls	Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.
Individual protection measures, Eye/face protection	such as personal protective equipment Wear safety glasses with side shields (or goggles).
Skin protection Hand protection	Wear appropriate chemical resistant gloves.
Other	Wear suitable protective clothing.
Respiratory protection	In case of insufficient ventilation, wear suitable respiratory equipment.
Thermal hazards	Wear appropriate thermal protective clothing, when necessary.

9. Physical and chemical properties

Appearance	
Physical state	Liquid.
Form	Liquid.
Color	Not available.
Odor	Not available.
Odor threshold	Not available.
рН	Not available.
Melting point/freezing point	Not available.
Initial boiling point and boiling range	Not available.
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or exp	losive limits
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Other information	
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.
Shelf life	4 years
Specific gravity	0.94 estimated

10. Stability and reactivity

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	Formaldehyde.

11. Toxicological information

Information on likely routes of exposure		
Inhalation	No adverse effects due to inhalation are expected.	
Skin contact	No adverse effects due to skin contact are expected.	
Eye contact	Direct contact with eyes may cause temporary irritation.	
Ingestion	Expected to be a low ingestion hazard.	

Symptoms related to the physical, chemical and toxicological characteristics Direct contact with eyes may cause temporary irritation. Information on toxicological effects Acute toxicity Not available. Skin corrosion/irritation Prolonged skin contact may cause temporary irritation. Respiratory or skin sensitization Respiratory sensitization Respiratory or skin sensitization Not ar respiratory sensitization. Germ cell mutagenicity No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. Carcinogenicity Not classifiable as to carcinogenicity to humans. IARC Monographs. Overall Evaluation of Carcinogenicity Not classifiable as to carcinogenicity to humans. IARC Monographs. Overall Evaluation of Carcinogenicity Not listed. OSHA Specificality Regulated Substances (29 CFR 1910.1001-1053) Not listed. Not classified. Specific target organ toxicity - single exopsure Not classified. Specific target organ toxicity - prepatied exposure Not classified. Specific target organ toxicity - prepatied exposure Not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent splits can have a harmful or damaging effect on the environment. Persistence and degradability bioaccumulative potential No		
Acute toxicity Not available. Skin corrosion/irritation Priolonged skin contact may cause temporary irritation. Serious eye damage/eye Direct contact with eyes may cause temporary irritation. Respiratory or skin sensitization Not a respiratory sensitization. Respiratory or skin sensitization This product is not expected to cause skin sensitization. Germ cell mutagenicity Not data available to indicate product or any components present at greater than 0.1% are mutagenicity or genotoxic. Carcinogenicity Not data available to indicate product or any components present at greater than 0.1% are mutagenicity. Not listed. Not classifiable as to carcinogenicity to humans. IARC Monographs. Overall Evaluation of Carcinogenicity Not insted. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053) Not listed. VI. Not listed. Not classified. Specific target organ toxicity - single exposure Not classified. Specific target organ toxicity - repeated exposure Not classified. Specific target organ toxicity - repeated exposure Not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. Persistence and degradability No data available. Mobility In soil No data available. Mobility In soil No data available. M	physical, chemical and	Direct contact with eyes may cause temporary irritation.
Skin corrosion/irritation Prolonged skin contact may cause temporary irritation. Serious eye damage/eye irritation Direct contact with eyes may cause temporary irritation. Respiratory or skin sensitization Not a respiratory sensitization Respiratory or skin sensitization This product is not expected to cause skin sensitization. Germ cell mutagenicity No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. Carcinogenicity Not data available as to carcinogenicity to humans. IARC Monographs. Overall Evaluation of Carcinogenicity Not listed. Not data available as to carcinogenicity to humans. IARC Monographs. Overall Evaluation of Carcinogenicity Not listed. Not cassified. US. National Toxicology Program (NTP) Report on Carcinogens Not listed. Not classified. Reproductive toxicity This product is not expected to cause reproductive or developmental effects. Specific target organ toxicity - single exposure Not classified. Specific target organ toxicity - single exposure Not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. Persistence and degradability No data available. Mobility in soil No data available.	Information on toxicological effe	octs
Serious eye damage/eye Inritation Direct contact with eyes may cause temporary irritation. Respiratory or skin sensitization Not a respiratory sensitizer. Respiratory sensitization This product is not expected to cause skin sensitization. Gern cell mutagenicity No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. Carcinogenicity No classifiable as to carcinogenicity to humans. NAC dassifiable as to carcinogenicity Not classifiable as to carcinogenicity Not listed. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053) Not listed. US. National Toxicology Program (NTP) Report on Carcinogens Not listed. Not classified. Reproductive toxicity This product is not expected to cause reproductive or developmental effects. Specific target organ toxicity - repated exposure Not classified. Specific target organ toxicity - repated exposure Not an aspiration hazard. 12. Ecological information Ecological information Ecological information No data available. Bioaccumulative potential, endocrime disruption, global warming potential, endocrime disruption, global warming potential) are expected from this component. 13. Disposal considerations Dispose in accordance with lat applicable regulations.	Acute toxicity	Not available.
Irritation Respiratory or skin sensitization Respiratory sensitization Not a respiratory sensitization This product is not expected to cause skin sensitization. Germ cell mutagenicity No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. Carcinogenicity No t classifiable as to carcinogenicity to humans. IARC Monographs. Overall Evaluation of Carcinogenicity Not classifiable as to carcinogenicity to humans. IARC Monographs. Overall Evaluation of Carcinogenicity Not classifiable as to carcinogenicity to humans. IARC Monographs. Overall Evaluation of Carcinogenicity Not itsed. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053) Not listed. US. National Toxicology Program (NTP) Report on Carcinogens Not listed. Reproductive toxicity This product is not expected to cause reproductive or developmental effects. Specific target organ toxicity - Not classified. Specific target organ toxicity - Not classified. Specific target organ toxicity - Not classified. Reproduct is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. No data available. Disposal instructions Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Local disposal considerations Hazardous waste code The waste code should be assigned in discussion between the user, the producer and the waste disposal conspilents. No data site container with large product residue. This material and its containers on liners may retain some product residues. This material and its container must be	Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.
Respiratory sensitizationNot a respiratory sensitizer.Skin sensitizationThis product is not expected to cause skin sensitization.Germ cell mutagenicityNo data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.CarcinogenicityNot classifiable as to carcinogenicity to humans.IARC Monographs. Overall Evaluation of Carcinogenicity Not listed.Not aleasifiable as to carcinogenicity to humans.OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053) Not listed.Not aleasifiable as to carcinogens Not listed.OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053) Not listed.Not aleasified.Reproductive toxicityThis product is not expected to cause reproductive or developmental effects.Specific target organ toxicity - single exposureNot classified.Specific target organ toxicity - repeated exposureNot classified.EcotoxicityThe product is not cassified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.Persistence and degradability Bioaccumulative potentialNo data available.Mobility in soilNo data available.Other adverse effects Local disposal instructionsCollect and reclaim or dispose in accordance with all applicable regulations.I.3. Disposal considerations Dispose in accordance with local regulations.Lines expected from this component.I.3. Disposal instructions Local disposal instructions Context effects Colect and reclaim or dispose in accordance with all applicable regulations.		Direct contact with eyes may cause temporary irritation.
Skin sensitizationThis product is not expected to cause skin sensitization.Germ cell mutagenicityNo data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.CarcinogenicityNot classifiable as to carcinogenicity to humans.IARC Monographs. Overall Evaluation of Carcinogenicity Not listed.Not classifiable as to carcinogenicity to humans.IARC Monographs. Overall Evaluation of Carcinogenicity Not listed.Not classifiable as to carcinogenicity to humans.OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053) Not listed.Not listed.Reproductive toxicity single exposureThis product is not expected to cause reproductive or developmental effects.Specific target organ toxicity - repeated exposureNot classified.Specific target organ toxicity - repeated exposureNot an aspiration hazard.I2.
