| 2. Hazard(s) identificatio                   | n   |  |
| Physical hazards                             | Not classified.   |  |
| Health hazards                               | Sensitization, skin   | Category 1   |
|  | Reproductive toxicity   | Category 2   |
| OSHA defined hazards                         | Not classified.   |  |
| Label elements                               |   |  |
|  |   |  |
| Signal word                                  | Warning   |  |
| Hazard statement                             | May cause an allergic skin reacti   | on. Suspected of damaging fertility or the unborn child.           |
| Precautionary statement                      |   |  |
| Prevention                                   | Obtain special instructions before use. Do not handle until all safety precautions have been read<br>and understood. Avoid breathing dust/fume/gas/mist/vapors/spray. Contaminated work clothing<br>must not be allowed out of the workplace. Wear protective gloves/protective clothing/eye<br>protection/face protection. |  |
| Response                                     | If on skin: Wash with plenty of water. Wash contaminated clothing before reuse. If exposed or concerned: Get medical advice/attention. If skin irritation or rash occurs: Get medical advice/attention.   |  |
| Storage                                      | Store locked up.  |  |
| Disposal                                     | Dispose of contents/container in  | accordance with local/regional/national/international regulations. |
| Hazard(s) not otherwise<br>classified (HNOC) | None known.   | · · · · · · · · · · · · · · · · · · ·                              |
| Supplemental information                     | None.   |  |
| 3. Composition/informat                      | ion on ingredients  |  |

# 3. Composition/information on ingredients

#### **Mixtures**

| Chemical name  | Common name and synonyms   | CAS number   | %  |
|--|--|--|--|
| 1-DECENE, HOMOPOLYMER,<br>HYDROGENATED                                       |  | 68037-01-4   | 40 - < 50  |
| 1-DODECENE POLYMER WIT<br>1-DECENE, HYDROGENATED                             |  | 151006-60-9  | 40 - < 50  |
| BENZENAMINE, N-PHENYL-,<br>REACTION PRODUCTS WITH<br>2,4,4-TRIMETHYLPENTENE  |  | 68411-46-1   | 1 - < 3*   |
| 2,5-FURANDIONE,<br>DIHYDRO-3-(OCTADECENYL)                                   | )-   | 28777-98-2   | < 1*   |
| Other components below report  | table levels   |  | 10 - < 20  |
| 4. First-aid measures  |  |  |  |
| Inhalation   | Move to fresh air.   |  |  |
| Skin contact   | Remove contaminated clothing immediately a eczema or other skin disorders: Seek medica   |  |  |
| Eye contact  | Get medical attention if irritation develops or persists. Rinse with water. Get medical attention if irritation develops and persists.   |  |  |
| Ingestion  | Rinse mouth. Get medical attention if sympton  | ms occur.  |  |
| Most important<br>symptoms/effects, acute and<br>delayed                     | May cause an allergic skin reaction. Dermatiti   | s. Rash.   |  |
| Indication of immediate<br>medical attention and special<br>treatment needed | Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.   |  |  |
| General information  | IF exposed or concerned: Get medical advice<br>(show the label where possible). Ensure that<br>involved, and take precautions to protect then<br>attendance. Wash contaminated clothing before   | medical personnel are aware<br>nselves. Show this safety data                                    | of the material(s)                               |
| 5. Fire-fighting measures  |  |  |  |
| Suitable extinguishing media   | Water fog. Foam. Dry chemical powder. Carb   | on dioxide (CO2).  |  |
| Unsuitable extinguishing<br>media  | Do not use water jet as an extinguisher, as th   | is will spread the fire.   |  |
| Specific hazards arising from the chemical                                   | During fire, gases hazardous to health may be formed.  |  |  |
| Special protective equipment and precautions for firefighters                | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.  |  |  |
| Fire fighting<br>equipment/instructions                                      | Use water spray to cool unopened containers  |  |  |
| Specific methods   | Use standard firefighting procedures and consider the hazards of other involved materials.   |  |  |
| General fire hazards   | No unusual fire or explosion hazards noted.  |  |  |
| 6. Accidental release mea  | sures  |  |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures    | Keep unnecessary personnel away. Keep per<br>appropriate protective equipment and clothing<br>or spilled material unless wearing appropriate<br>Local authorities should be advised if significat<br>protection, see section 8 of the SDS.     | during clean-up. Do not touc<br>protective clothing. Ensure a                                    | h damaged containers dequate ventilation.        |
| Methods and materials for<br>containment and cleaning up                     | Soak up with inert absorbent material. Clean<br>material, if this is without risk. Following produ<br>disposal, see section 13 of the SDS. Clean up<br>Protective Equipment section. Sweep up and  | uct recovery, flush area with w<br>o spills immediately, observing                               | vater. For waste<br>g precautions in             |
| Environmental precautions  | Avoid discharge into drains, water courses or  | onto the ground.   |  |
| 7. Handling and storage  |  |  |  |
| Precautions for safe handling  | Obtain special instructions before use. Do not<br>and understood. Avoid breathing dust/fume/ga<br>and clothing. Pregnant or breastfeeding wome<br>in closed systems, if possible. Provide adequa<br>equipment. Observe good industrial hygiene | as/mist/vapors/spray. Avoid c<br>en must not handle this produ<br>ate ventilation. Wear appropri | ontact with eyes, skin,<br>ct. Should be handled |
| Material name: RHEOLUBE 361F   |  |  | SDS US   |
|  | Povision data: January 24 2025 Jacua data: Sontam  | har 07 2011  | 2/6  |

| Conditions for safe storage,<br>including any incompatibilities | Store locked up. Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS). |
|---|---|
|   | Storage class (TRGS 510): 11 (Combustible solids that cannot be assigned to any of the above storage classes)           |

### 8. Exposure controls/personal protection

| Occupational exposure limits  | This mixture has no ingredients that have PEL, TLV, or other recommended exposure limit.  |  |
|---|---|--|
| Biological limit values   | No biological exposure limits noted for the ingredient(s).  |  |
| Appropriate engineering controls                                      | Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. |  |
| Individual protection measures, such as personal protective equipment |   |  |
| Eye/face protection   | If contact is likely, safety glasses with side shields are recommended.   |  |
| Skin protection   |   |  |
| Hand protection   | Wear appropriate chemical resistant gloves.   |  |
| Other   | Wear appropriate chemical resistant clothing. Use of an impervious apron is recommended.  |  |
| <b>Respiratory protection</b>   | In case of insufficient ventilation, wear suitable respiratory equipment.   |  |
| Thermal hazards   | Wear appropriate thermal protective clothing, when necessary.   |  |
|   |   |  |
| <b>A</b> 11 1   |   |  |

General hygiene considerations

Observe any medical surveillance requirements. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Contaminated work clothing should not be allowed out of the workplace.

### 9. Physical and chemical properties

| 9. Physical and chemical                   | properties               |
|--|--------------------------|
| Appearance                                 | Smooth                   |
| Physical state                             | Solid.                   |
| Form                                       | Solid. Semi-solid        |
| Color                                      | Light tan. Light yellow. |
| Odor                                       | Not available.           |
| Odor threshold                             | Not available.           |
| рН   | Not available.           |
| Melting point/freezing point               | Not available.           |
| Initial boiling point and boiling range    | Not available.           |
| Flash point                                | Not available.           |
| Evaporation rate                           | Not available.           |
| Flammability (solid, gas)                  | Not available.           |
| Upper/lower flammability or exp            | olosive limits           |
| Explosive limit - lower (%)                | Not available.           |
| Explosive limit - upper (%)                | Not available.           |
| Vapor pressure                             | Not available.           |
| Vapor density                              | Not available.           |
| Relative density                           | Not available.           |
| Solubility(ies)                            |                          |
| Solubility (water)                         | Not available.           |
| Partition coefficient<br>(n-octanol/water) | Not available.           |
| Auto-ignition temperature                  | Not available.           |
| Decomposition temperature                  | Not available.           |

| Not available.         |
|------------------------|
|                        |
| 0.84 g/cm <sup>3</sup> |
| Not explosive.         |
| Not oxidizing.         |
| 4 years                |
|                        |

## 10. Stability and reactivity

| Reactivity                            | The product is stable and non-reactive under normal conditions of use, storage and transport. |
|---------------------------------------|---|
| Chemical stability                    | Material is stable under normal conditions.   |
| Possibility of hazardous<br>reactions | No dangerous reaction known under conditions of normal use.                                   |
| Conditions to avoid                   | Contact with incompatible materials.  |
| Incompatible materials                | Strong acids, alkalies and oxidizing agents.  |
| Hazardous decomposition<br>products   | Carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons.                     |

## 11. Toxicological information

| J  |  |
|--|--|
| Information on likely routes of e  | xposure  |
| Inhalation   | No adverse effects due to inhalation are expected.   |
| Skin contact   | May cause an allergic skin reaction.   |
| Eye contact  | Direct contact with eyes may cause temporary irritation.   |
| Ingestion  | Expected to be a low ingestion hazard.   |
| Symptoms related to the physical, chemical and toxicological characteristics | May cause an allergic skin reaction. Dermatitis. Rash.   |
| Information on toxicological effe  | ects   |
| Acute toxicity   | Not available.   |
| Skin corrosion/irritation  | Prolonged skin contact may cause temporary irritation.   |
| Serious eye damage/eye irritation  | Direct contact with eyes may cause temporary irritation.   |
| Respiratory or skin sensitization  | 1  |
| Respiratory sensitization  | Not a respiratory sensitizer.  |
| Skin sensitization   | May cause an allergic skin reaction.   |
| Germ cell mutagenicity   | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.   |
| Carcinogenicity  | Not classifiable as to carcinogenicity to humans.  |
| IARC Monographs. Overall I   | Evaluation of Carcinogenicity  |
| Not listed.  | d Substances (29 CFR 1910.1001-1053)   |
| Not listed.  | ogram (NTP) Report on Carcinogens  |
| Reproductive toxicity  | Suspected of damaging fertility or the unborn child.   |
| Specific target organ toxicity - single exposure                             | Not classified.  |
| Specific target organ toxicity - repeated exposure                           | Not classified.  |
| Aspiration hazard  | Not an aspiration hazard.  |
| 12. Ecological information   | 1  |
| Ecotoxicity  | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. |
| Persistence and degradability  | No data is available on the degradability of any ingredients in the mixture.   |
| Material name: RHEOLUBE 361E   | 211 202  |

Material name: RHEOLUBE 361F

| Bioaccumulative potential | No data available.  |
|---------------------------|---|
| Mobility in soil          | No data available.  |
| Other adverse effects     | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. |

| 13. Disposal considerations              |  |
|--|--|
| Disposal instructions                    | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of<br>contents/container in accordance with local/regional/national/international regulations.                      |
| Local disposal regulations               | Dispose in accordance with all applicable regulations.   |
| Hazardous waste code                     | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| Waste from residues / unused<br>products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| Contaminated packaging                   | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.       |

### 14. Transport information

#### DOT

Not regulated as dangerous goods.

### ΙΑΤΑ

Not regulated as dangerous goods.

#### IMDG

Not regulated as dangerous goods.

# Transport in bulk according to Not applicable. Annex II of MARPOL 73/78 and the IBC Code

15. Regulatory information

US federal regulations

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

**Toxic Substances Control Act (TSCA)** 

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)

#### Not listed.

SARA 304 Emergency release notification

### Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053)

Not listed.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

### SARA 302 Extremely hazardous substance

Not listed.

SARA 311/312 Hazardous Yes

chemicalClassified hazardRespiratory or skin sensitizationcategoriesReproductive toxicity

### SARA 313 (TRI reporting)

Not regulated.

### Other federal regulations

| Clean Air Act (CAA) Section  | n 112 Hazardous Air Pollutants (HAPs) List |  |
|--|--|--|
| Not regulated.   |  |  |
| Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130) |  |  |
| Not regulated.   |  |  |
| Safe Drinking Water Act<br>(SDWA)  | Not regulated.                             |  |

### **US state regulations**

### **California Proposition 65**

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins. For more information go to www.P65Warnings.ca.gov.

### **International Inventories**

| Country(s) or region        | Inventory name On   | inventory (yes/no)* |
|-----------------------------|---|---------------------|
| Australia                   | Australian Inventory of Industrial Chemicals (AICIS)                      | Yes                 |
| Canada                      | Domestic Substances List (DSL)  | Yes                 |
| Canada                      | Non-Domestic Substances List (NDSL)                                       | No                  |
| China                       | Inventory of Existing Chemical Substances in China (IECSC)                | Yes                 |
| Europe                      | European Inventory of Existing Commercial Chemical<br>Substances (EINECS) | No                  |
| Europe                      | European List of Notified Chemical Substances (ELINCS)                    | No                  |
| Japan                       | Inventory of Existing and New Chemical Substances (ENCS)                  | Yes                 |
| Korea                       | Existing Chemicals List (ECL)   | Yes                 |
| New Zealand                 | New Zealand Inventory   | Yes                 |
| Philippines                 | Philippine Inventory of Chemicals and Chemical Substances (PICCS)         | Yes                 |
| Taiwan                      | Taiwan Chemical Substance Inventory (TCSI)                                | Yes                 |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory                             | Yes                 |
|                             |   |                     |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s) A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
