

SAFETY DATA SHEET

1. Identification

Product identifier	RHEOLUBE 789D		
Other means of identification			
Product Code	Rheolube 789D		
Recommended use	Lubricating Grease		
Recommended restrictions	None known.		
Manufacturer/Importer/Supplie	er/Distributor information		
Manufacturer			
Company name	Nye Lubricants, Inc.		
Address	12 Howland Road		
	Fairhaven, MA 02719		
	United States		
Telephone	General Assistance	+1-508-996-6721	
Website	www.nyelubricants.com		
E-mail	sds@nyelubricants.com		
Contact person	Nye Lubricants EH&S		
Emergency phone number	3E Online	+1-800-451-8346	

2. Hazard(s) identification

Physical hazards	Not classified.	
Health hazards	Reproductive toxicity	Category 2
Environmental hazards	Not classified.	
OSHA defined hazards	Not classified.	
Label elements		
Signal word	Warning	
Signal word	U U	
Hazard statement	Suspected of damaging fertility of	or the unborn child.
Precautionary statement		
Prevention	•	e use. Do not handle until all safety precautions have been read gloves/protective clothing/eye protection/face protection.
Response	If exposed or concerned: Get me	edical advice/attention.
Storage	Store locked up.	
Disposal	Dispose of contents/container in	accordance with local/regional/national/international regulations.
Hazard(s) not otherwise classified (HNOC)	None known.	
Supplemental information	None.	

3. Composition/information on ingredients

Mixtures			
Chemical name	Common name and synonyms	CAS number	%
ALKYLATED DIPHENYLA	MINE	Trade Secret	1 - < 3*
PROPYLENE CARBONATE		108-32-7	1 - < 3*
Other components below reportable levels			90 - 100

4. First-aid measures

Inhalation

Move to fresh air. Call a physician if symptoms develop or persist.

Material name: RHEOLUBE 789D

٦

Skin contact	Wash off with soap and water. Get medical attention if irritation develops and persists.
Eye contact	Rinse with water. Get medical attention if irritation develops and persists.
Ingestion	Rinse mouth. Get medical attention if symptoms occur.
Most important symptoms/effects, acute and delayed	Direct contact with eyes may cause temporary irritation.
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.
General information	IF exposed or concerned: Get medical advice/attention. If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance.
5. Fire-fighting measures	
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire fighting equipment/instructions	Use water spray to cool unopened containers.
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials.
General fire hazards	No unusual fire or explosion hazards noted.
6. Accidental release mea	sures
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.
Methods and materials for containment and cleaning up	Stop the flow of material, if this is without risk. Following product recovery, flush area with water. For waste disposal, see section 13 of the SDS.
Environmental precautions	Avoid discharge into drains, water courses or onto the ground.
7. Handling and storage	
Precautions for safe handling	Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Pregnant or breastfeeding women must not handle this product. Should be handled in closed systems, if possible. Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.
Conditions for safe storage, including any incompatibilities	Store locked up. Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).
8. Exposure controls/pers	onal protection
Occupational exposure limits	This mixture has no ingredients that have PEL, TLV, or other recommended exposure limit.
Biological limit values	No biological exposure limits noted for the ingredient(s).
Appropriate engineering controls	Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.
Individual protection measures	such as personal protective equipment

Skin protection Hand protection	Wear appropriate chemical resistant gloves.
Other	Use of an impervious apron is recommended.
Respiratory protection Thermal hazards	In case of insufficient ventilation, wear suitable respiratory equipment. Wear appropriate thermal protective clothing, when necessary.

Material name: RHEOLUBE 789D

General hygiene considerations

Observe any medical surveillance requirements. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and chemical properties

Appearance	Smooth
Physical state	Solid.
Form	Solid. Semi-solid
Color	Tan
Odor	Not available.
Odor threshold	Not available.
pH	Not available.
Melting point/freezing point	Not available.
nitial boiling point and boiling range	Not available.
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.
Upper/lower flammability or expl	osive limits
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	Not available.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
/iscosity	Not available.
Other information	
Density	1.04 g/cm ³
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.
Shelf life	4 years

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	No hazardous decomposition products are known.

11. Toxicological information

Information on likely routes of exposure

physical, chemical and toxicological characteristics Information on toxicological effects Acute toxicity Not known. Skin corrosion/irritation Prolonged skin contact may cause temporary irritation. Skin corrosion/irritation Direct contact with eyes may cause temporary irritation. Bespiratory or skin sensitization Direct contact with eyes may cause temporary irritation. Respiratory or skin sensitization Not a respiratory sensitizer. Skin sensitization This product is not expected to cause skin sensitization. Germ cell mutagenicity Not data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. Carcinogenicity Not classifiable as to carcinogenicity to humans. LARC Monographs. Overall Evaluation of Carcinogenicity Not listed. US. National Toxicology Program (NTP) Report on Carcinogens Not listed. US. National Toxicology Program (NTP) Report on Carcinogens Not listed. Specific target organ toxicity - Not classified. Specific target organ toxicity - Not classified. Specific target organ toxicity - Not classified. Specific target organ toxicity - Not classified. Aspiration hazard Not an aspiration hazard. 12. Ecological information Ecotoxicity The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. Presistence and degradability Not data is available on the degradability of any ingredients in the mixture. Bioaccumulative potential Mobility in soil No data available. Other adverse effects No other adverse environmental effects (e.g. czone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. Disposal instructions Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international/reginal/instructions. The waste code sho	Information on likely routes of e	xposure
Eye contact Direct contact with eyes may cause temporary initiation. Ingestion Expected to be a low ingestion hazard. Symptome related to the physical, chemical and toxicological characteristics Direct contact with eyes may cause temporary initiation.
